Beyond the Bell Leadership Briefing

Thursday, October 8th, 2015

Milwaukee, WI

This briefing is an opportunity for participants to explore local and national efforts to improve youth access to quality afterschool programs and services. Using The Wallace Foundation’s new report, *Growing Together, Learning Together*, as a springboard for conversation, this event will provide an opportunity to develop a common understanding of afterschool systems-building and to use lessons learned from system building around the country to inform local action. This event will feature discussion and interaction with national and local experts on topics such as making better use of data, advancing afterschool program quality, and improving coordination efforts.
