Greater Rochester Afterschool Leadership Summit

Memorial Art Gallery | Rochester, New York | January 30, 2017

The Greater Rochester Afterschool Leadership Summit brings together education, afterschool, business, philanthropy, community-based, elected, and municipal leaders from the greater Rochester community. This event provides an opportunity for leaders in the community to learn and discuss the value of an afterschool system as part of an interconnected system of services for youth that supports social and emotional learning, academic success, and the development of 21st century skills to promote readiness for college, career, and life. The summit will feature presentations and interactive sessions with national experts and afterschool champions from other leading cities, along with key voices from the local community, to collectively inform the region's strategic priorities for youth moving forward.
